

Fleet & Asset Health Report

All active assets | 2026-07-01 to 2026-09-07 (Last 3 months)

What needs your attention?

10	2	2	3
Active assets	Current	Approaching	Due
3	2	2	3
Overdue	Open issues	Registration approaching / due	Registration expired

0 assets need more information; 0 have no maintenance schedule. Assets are counted once using their most urgent active rule.

10 completed services during the selected period. Recorded spend: \$1,278.50 AUD.

Current health is a snapshot at generation time. Historical sections use the selected period in the organisation's timezone. Currently archived and billing-pending assets are excluded.

Attention required

Plant 008 2026-08-03	Lamp fault Lamp replaced	\$22.00 AUD

Fleet & Asset Health Report

All active assets | 2026-07-01 to 2026-09-07 (Last 3 months)

Recorded cost summary

Currency	Completed services	Direct issue resolutions	Combined recorded total
AUD	\$1,234.50	\$44.00	\$1,278.50

Linked service repairs are counted once in completed services. Voided services are excluded. Amounts reproduce recorded costs; no GST inclusion or exclusion is inferred. Different currencies are not combined. Summaries may shorten long notes; original records remain unchanged.

Service Sheet tracks customer-defined schedules. The organisation remains responsible for deciding maintenance requirements. Tracking/reminder only; this report is not a safety or compliance certification.
